MESSAGE IQ™

MESSAGE IQ DIFFERENCE

Track. Everything. Our deep HubSpot integration allows you to seamlessly add SMS to your workflows and track events on contact, deal, and company records.
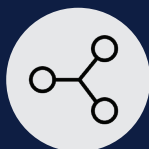

It just works

Using Message IQ is as easy as sending email. Forget spending hours training your team on how to use new software – **Message IQ adds value immediately.**

Intuitive Interface

If you know how to email from HubSpot, you know how to send text messages. Our intuitive user interface makes texting easy.

Deepest Integration

Send 1:1 and workflow-based messages. All logged in HubSpot. If you need your messages to be seen, you need to be texting.

Clear Reporting

Our reporting is clear and comprehensive. With one click, view metrics on messages sent, delivered, replied to and opt-outs.

Compliance Support

Industry regulations are evolving. Don't worry - we'll help you remain compliant and your text messages flowing.
