PRICE IQ™

MULTIPLE PRICE LISTS HAVE COME TO HUBSPOT

Create and apply custom price lists within HubSpot. Set pricing for one SKU, a range, or your whole list in seconds.

Improve Efficiency

Align sales activity with pricing strategy and eliminate time wasted creating custom pricing spreadsheets. Your sales team selects and applies a price list from the HubSpot Deal.

Unlimited Price Lists

Your sales strategy is complex and your pricing reflects that. Now your CRM can align with your diverse pricing models.

Align Price Strategy

Enable your sales team to easily choose the right price for the right customer profile from HubSpot without resorting to custom spreadsheets.

Easy to Use

It's fast and easy to set and apply pricing for customer tiers, channel models, seasonal discounts, or discontinued products.

Save Time

Sales creates and emails spreadsheets to management then waits for approval. Eliminate the noise with set pricing tiers in HubSpot.
